1 DAY SAFARI
ARUSHA NATIONAL PARK

1 DAY SAFARI

For those short on time the 1 Day Safari is perfect for viewing many of the animals that the larger parks have to offer. It is fairly close to Kilimanjaro International Airport (JRO) and therefore can be enjoyed before your flight home.

The safari begins with our driver picking you up from your lodge. The park is at the base of the imposing peak of rugged Mount Meru, Tanzania's second highest mountain. Once inside the park you'll be up close and personal with herds of buffalo in the spectacular Ngurdoto Crater. Additionally, you'll drive to Momela Lakes to view the flamingos and other aquatic birds.

Arusha National park houses a variety of wildlife, including giraffe, zebra, colobus monkeys, leopard, and hyenas. These animals roam free inside the park's small but active 53 square miles of natural habitats. Enjoy a picnic lunch while gazing at the rolling hills and wooded savannas of this national treasure. At the end of the day, we return to your lodge or JRO.

*Note: No lodging is included with this safari.
Clients can make flights departing after 7:00 PM from JRO*
